## Milagro del Mar Engages NicaBella Design as Consultant

Gran Pacifica, Nicaragua – Milagro del Mar has engaged NicaBella Design Center to act as design consultant for all new residents purchasing condos in the community.

“These talented designers provide a great service for our clients,” said Roger Keeling, president and CEO of Hunter Blair, Inc., the developer of Milagro del Mar. “We’re building dream homes, so we thought it was important that professional interior design be an integral part of the process.”

Milagro del Mar is located in the Gran Pacifica resort community, on Nicaragua’s Pacific coast. Design Center services are available to all resort residents, but to date Milagro del Mar is the only development that includes these services as a standard amenity for its clients. Milagro del Mar clients and builders will work with NicaBella designers to coordinate colors, countertops, appliances and fixtures in every new construction. In addition, residents can purchase quality furniture packages that have been customized for specific floor plans.

“At Milagro del Mar, our goal is always to exceed our clients’ expectations,” Keeling said. “Our relationship with NicaBella helps us do just that.”
